To Emil Zunker From VILTIS

VILTIS expresses its sincerest gratitude to Emil Carl Zunker its artist friend for the generous gift of cuts which appear in this issue; the cover design, various vignettes, the stork design in our baby column and a cut to be used for our New Year's issue. The cuts are a Christmas present to VILTIS from Emil, his wife Adee and little son Tony.

BURTON LAWRENCE

VILTIS must count among its creditors its friend and mentor, Burton Lawrence. Burton tends many irons, stokes many fires. Besides serving as a sort of consultant for VILTIS, Burton carries on an active and professional career in music. He is organist at Second Church of Christ Science where music standards are high — and he heartily approves of that. Although the editor's friend for the past 15 years, Burton has resisted all the much-touted blandishments of folk dancing — until recently. When he saw the Chicagoland Festival, he gave a high kick and was off across the floor with the rest of us. Now Burton not only dances but provides dance music from the piano as well — with the understanding that he can join the dancers when Johnny Lister arrives. Burton has arranged the music for the booklet, *Merrily We Dance*, currently being printed by Co-operative Recreation Service, Delaware, O. He will also arrange additional dances for the book, *The Dance of Lietuva*, to be published this spring by Clayton F. Summy.

Anthony Olis Elected

Anthony Olis, young Lithuanian lawyer with offices down-town who is active among the Chicago Lithuanians, was elected on the Republican ticket as a Sanitary District Attorney.

YOU FORGOT TO
RENEW "VILTIS"
DO IT NOW

HUGH ELMER JONES, JR.

Credit for the very existence and survival of VILTIS goes to Hugh who first suggested the appearance of the publication as a service letter to our friends in the Armed forces, and who came and still comes to the aid of VILTIS financially as one of its A-1 backers. Hugh is at present in New York being trained by the Veterans' Administration for a specialized position in its administrative department. He is expected back in Chicago about the first of the year.
